

NORFOLK'S BEAUTIFUL PARK

Will be an Attractive Resort This Summer.

CARS MAKE REGULAR TRIPS

Work Progressing Rapidly. Beautiful Drives and Pretty Trees. The Picnicers Were There Yesterday. About One Hundred Children. A Gala Day.

In a very few months Norfolk will have one of the most delightful and beautiful parks in the State.

A representative of THE VIRGINIAN yesterday mounted a cycle and wheeled out to the park, via the Church street route, making the trip in a trot in fifteen minutes.

The air was a little stiff and the streets in Huntersville rather muddy, but beyond Huntersville he struck a new shell road and had an easy run.

After reaching the park there was no mud of consequence, owing to the

EXCELLENT SYSTEM OF DRAINAGE, and the wheelmen of Norfolk will find the drives of this resort most delightful for testing speed or a quiet run.

Chairman Borum, of the Park Committee, who has charge of the improvements, is pushing ahead with energy, and deserves much credit for the large amount of work already accomplished. He has set out hundreds of

SHADE TREES,

which are growing up nicely, flowers have been planted, grass seed sown, and by the middle of May it will be one of the prettiest places in this vicinity.

The street cars are now making regular trips to the park gate, and Sunday, notwithstanding the inclement weather, several hundreds of people saw Norfolk's new breathing spot for the first time.

THE PICNICERS.

A number of ladies, in charge of about 100 boys and girls, picniced there yesterday and the young folks passed a gala day. When the extension of Granby street is completed these grounds will be in about one mile of the West End or within five minutes run of the city to the bicycle rider. The street cars will make the trip by Church street in fifteen minutes.

POLICE COURT.

Justice Burroughs had an unimportant docket to dispose of yesterday.

MEMORIAL EXERCISES

By the Granby Street Methodist Sunday School.

The Granby Street M. E. Sunday school held memorial exercises Sunday morning in respect to the memory of A. Coke Smith, Jr.

A committee composed of W. M. Jones, Frank Baird, R. Paul Jones, N. J. Laud, Walter Pollard reported resolutions expressing the sympathy of the school for the bereaved family and their appreciation of the many virtues of the deceased. The second and third sections of the resolutions read as follows:

"That the members of this Sunday school will cherish the memory of his person and character as a sweet legacy, and endeavor, by emulating the graces and virtues that adorned his life, to obey the words of divine wisdom, 'Be ye also ready, for in such an hour as ye think not the Son of Man cometh.'"

"That the assurance of this Sunday school is tendered his parents and surviving children in this time of inexpressible calamity and sorrow, reminding them that their grief is not like that of those who mourn without hope, but that the dark cloud which now overshadows them hath a silver lining."

Short eulogies were delivered by Rev. R. H. Bennett, assistant pastor, Mr. L. Clay Kilby, Gen. D. J. Turner, Prof. W. M. Jones, C. A. Duley and Mrs. Miley, the Sunday-school teacher of the deceased.

A response was made by Dr. Smith, the afflicted father, whose great loss was impressively apparent.

COURT LAW AND CHANCERY.

The Atlantic City Case Decided Yesterday.

In the Court of Law and Chancery yesterday Judge Martin decided against the city in the Atlantic City street cases and perpetuated the injunction restraining the city from opening streets through certain property. The question involved was whether the property had been dedicated for streets by the former owners or whether there had been an acceptance on the part of the county or city, the present owners holding that there had not been sufficient dedication or acceptance, and they were sustained by the court. The cases were Nottingham & Wrenn vs. city; R. H. McComb vs. city, and McCullough vs. city.
